

Rahul Mehta

Pune, Maharashtra, India | +91 91234 56780 | rahul.mehta.dev@outlook.com | github.com/rahulmehta-dev

PROFESSIONAL SUMMARY

Full-stack web developer with 5 years of experience designing and shipping responsive, high-performance web applications. Strong background in React, Node.js, and cloud deployment, with a focus on clean architecture and developer experience.

SKILLS

JavaScript (ES6+)	TypeScript	React.js
Node.js	Express.js	Next.js
MongoDB	PostgreSQL	REST APIs
Docker	AWS / Azure	CI/CD (GitHub Actions)
HTML5 / CSS3	Tailwind CSS	Jest / Cypress

WORK EXPERIENCE

Senior Frontend Engineer — Skyloop Technologies

Pune, India | Mar 2023 – Present

- Led migration of a legacy AngularJS app to React + TypeScript, improving page load speed by 35%.
- Built a component library adopted across 5 product teams, reducing UI development time by 25%.
- Implemented CI/CD pipelines with GitHub Actions, cutting deployment time from 40 minutes to 6.
- Reviewed pull requests and mentored 3 junior developers on testing best practices.

Full-Stack Developer — Quantix Software Solutions

Hyderabad, India | Aug 2020 – Feb 2023

- Developed and maintained a multi-tenant SaaS platform using Node.js, Express, and PostgreSQL.
- Designed REST APIs serving over 50,000 daily active users with 99.9% uptime.
- Containerized services with Docker, simplifying local development and staging deployments.

PROJECTS

TaskFlow — Open Source Kanban App

- Built a real-time collaborative kanban board using React, Socket.io, and MongoDB.
- Reached 800+ GitHub stars; implemented drag-and-drop boards with optimistic UI updates.

EDUCATION

B.Tech in Computer Science and Engineering

Vellore Institute of Technology | 2016 – 2020

CERTIFICATIONS

- AWS Certified Developer – Associate (2022)
- Meta Front-End Developer Professional Certificate (2021)
